

IRISH ASSOCIATION FOR ECONOMIC GEOLOGY

WEEKEND COURSE 2008

Exploration and Environmental Geochemistry

PROGRAMME

Saturday

Morning

8.15 - 9.00	Registration	
9.00 - 9.15	Introduction	Patrick Redmond
9:15 – 10.45	Using Geochemistry for Base Metal Exploration.....	Stephen Cook
10.45 - 11.00	Coffee (sponsored by Aurum Exploration Services)	
11:00 - 12.00	Geochemical Analytical Techniques	Timothy Elliot and Andrey Tairov
12.00 – 13.30	Lunch	

Afternoon

13.30 – 14.30	Mineral Exploration and Metals Supply: Copper as an Example of Economics Applied to Exploration	William X. Chavez
14.30 – 15.30	Alteration Mapping Using Infrared Spectroscopy.....	Marc Goossens
15.30 – 15.45	Tea (sponsored by Lundin Mining Exploration)	
15.45 – 17.00	Using Geochemistry for Gold Exploration.....	Stephen Cook

Sunday

Morning

9.30 – 10.45	The Understanding of Supergene Processes Applied to the Remediation of Mine Environments.....	William X. Chavez
10.45 – 11.00	Coffee (sponsored by New Boliden Tara Mines)	
11.00 – 12.00	Applications of Environmental Geochemistry in Mining	Bernadette Azzie
12.00 – 12.30	Discussion and concluding remarks	

Speaker travel expenses are generously sponsored by:

teckcominco
